

QACube Enterprise

See Your Quality Assurance Across Testing

QACube Enterprise gives you and your team **at-a-glance visual analytics for popular testing tools** so you can see your testing results from requirements to defects to go-live. Quickly see up-to-date graphics on any number of projects, tools and technologies. One-Click, smart visual analytics for you and all Stakeholders to visualize QA on the desktop and smart devices.

5 Key Things

1. Automates **Data Consolidation & Aggregation**
2. Delivers **Predictive** Analytics & Dashboards
3. Provides **Visibility** to all Stakeholders
4. Enables **Transparency** through the right KPIs
5. Supports **Agile Software Delivery**
